BUPRENORPHINE TREATMENT AGREEMENT

I am requesting that my doctor provide buprenorphine treatment for opioid _____ addiction.
list drug(s)

I freely and voluntarily agree to accept this treatment agreement, as follows:

1. I agree to keep, and be on time to, all my scheduled appointments with the doctor.
2. I agree to conduct myself in a courteous manner in the physician's or clinic's office.
3. **I agree to pay all office fees for this treatment at the time of my visits.** I will be given a receipt that I can use to get reimbursement from my insurance company if this treatment is a covered service. I understand that this medication will cost between \$5-10 a day just for medication and that the office visits are a separate charge.
4. I agree not to arrive at the office intoxicated or under the influence of drugs. If I do, the staff will not see me and I will not be given any medication until my next scheduled appointment.
5. I agree not to sell, share or give any of my medication to another person. I understand that such mishandling of my medication is a serious violation of this agreement and would result in my treatment being terminated without recourse for appeal.
6. I understand that the use of buprenorphine/naloxone (Suboxone) by someone who is addicted to opioids could cause them to experience severe withdrawal.
7. I agree not to deal, steal, or conduct any other illegal or disruptive activities in or in the vicinity of the doctor's office.
8. **I agree that my medication can only be given to me at my regular office visits. Any missed office visits will result in my not being able to get medication until the next scheduled visit.**
9. I agree that the medication I receive is my responsibility and that I will keep it in a safe, secure place. I agree that lost medication will not be replaced regardless of the reasons for such loss.
10. **I agree not to obtain medications from any physicians, pharmacists, or other sources without informing my treating physician. I understand that mixing buprenorphine with other medications, especially benzodiazepines and/or other drugs of abuse including alcohol, can be dangerous. I understand that this clinic or my treating physician is NOT liable for any hospitalizations or death if I choose to obtain medications/drugs elsewhere.**
11. I agree to take my medication as the doctor, has instructed, and not to alter the way I take my medication without first consulting the doctor.
12. I understand that medication alone is not sufficient treatment for the disease and I agree to participate in the recommended counseling program, to assist me in my treatment.
13. I understand that my buprenorphine treatment may be discontinued and I may be discharged from the practice if I violate this agreement.
14. I understand that there are alternatives to buprenorphine treatment for opioid addiction including:
 - a. Medical withdrawal and drug-free treatment
 - b. Naltrexone treatment
 - c. Methadone treatment

HIPPA Information and Consent

Form

The Health Insurance Portability and Accountability Act (HIPAA) provide safeguards to protect your privacy. Implementation of HIPAA requirements officially began on April 14, 2003. Many of the policies have been *our* practice for years. This is a read "friendly" version. A complete text is posted in the office.

What this is all about: Specifically, there are rules and restrictions on who may see or be notified of your Protected Health information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPAA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information is available from the U.S. Department of Health and Human Services. www.hhs.gov

We have adopted the following policies:

1. Patient information will be kept confidential except as is necessary to provide services or to ensure that all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other healthcare providers, laboratories, health insurance payers as is necessary and appropriate for your care. Patient files may be stored in open file racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available to persons other than office staff. You agree to the normal procedures utilized within the office for the handling of charts, patient records, PHI and other documents or information.
2. It is the policy of this office to remind patients of their appointments. We may do this by telephone, e-mail, U.S. mail, or by any means convenient for the practice and/or as requested by you. We may send you other communications informing you of changes to office policy and new technology that you might find valuable or informative.
3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to PHI but must agree to abide by the confidentiality rules of HIPAA.
4. You understand and agree to inspections of the office and review of documents which may include PHI by government agencies or insurance payers in normal performance of their duties.
5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manager or the doctor.
6. Your confidential information will not be used for the purposes of marketing or advertising of products, goods or services.
7. We agree to provide patients with access to their records in accordance with state and federal laws.
8. We may change, add, delete or modify any of these provisions to better serve the needs of both the practice and the patient.
9. You have the right to request restrictions in the use of your protected health information and to request change in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.

I hereby consent and acknowledge my agreement to the terms set forth in the HIPAA INFORMATION FORM and any subsequent changes in office policy. I understand that this consent shall remain in force from this time forward.
